

First Nation Housing and Infrastructure Gap Assessment

Project Overview

Prepared by: OFNTSC

What ?

The Chiefs in Assembly have provided a mandate to COO and OFNTSC

What are the physical and financial needs of First Nations in Ontario Region with respect to:

- Housing
- Infrastructure Services including water and wastewater
- Other facilities – buildings, power, solid waste

Why?

No existing study of full scope of the capital asset needs of First Nations

Will assist First Nation leadership during nation to nation discussions on future agreements, policy and investment

Will assist First Nations with their local planning for facilities and human resource needs

How?

Gather data from existing sources such as studies

- Need your First Nation to release info

Based on:

- Current facility deficit
- Future population needs

Project Team

- Jim Taylor, Project Manager
- Grace Martineau, Lead on Housing
- Derek Hill, Lead on Linear Structures
- Meiru Zheng, Lead on Buildings
- Derrick Kamanga, Lead on Water and Wastewater Facilities
- Elmer Lickers, Lead on Operations and Maintenance Costs, and
- Internal and External Advisors
