

ONTARIO FIRST NATIONS TECHNICAL SERVICES CORPORATION

EMPLOYMENT OPPORTUNITY

JUNIOR ENVIRONMENTAL SCIENTIST POSITION

The mandate of the Ontario First Nations Technical Services Corporation (OFNTSC) is to provide technical and enhanced advisory services to all First Nations in Ontario. The OFNTSC requires the services of an Environmental Technologist Intern to assist directly under the supervision of the OFNTSC Environmental Scientist with issues related to First Nation in all areas environmental and specifically landfills and other technical advisory services. The Junior Environmental Scientist will be located in either the Toronto Service Centre or the Thunder Bay Service Centre and will report directly to the Environmental Scientist.

DUTIES:

- To provide technical advice to clients as required.
- To include the development of terms of reference for projects, assessing consultant proposals, meeting with clients, consultants and funding agencies, reviewing reports and other related duties.
- Research and develop a database of First Nations solid waste infrastructure and services in Ontario.
- Work with clients to assess their capacity to deal with environmental issues, particularly as it relates to solid waste management in First Nations communities.
- Develop and coordinate environmental training programs and workshops as needed; ie. First Nations landfill sites, transfer stations, waste diversion, MTSAs.
- Maintain a good network of contacts amongst the diverse client base of the OFNTSC, and advocate for improvements to the health and environment of First Nation people.
- Work with and assist the Environmental Scientist and other staff on environmental issues and policy as requested.

STATEMENT OF QUALIFICATIONS:

- Post-Secondary degree in environmental science, engineering or planning; and experience as an Environmental Technologist or Scientist.
- Experience in the Environmental/Engineering consulting field (writing/evaluating reports, environmental audits, providing technical advisory services).
- Must have an excellent understanding of environmental issues related to solid waste management, waste diversion, hazardous wastes, environmental management systems, and environmental audits.
- Must have good project management skills.
- Ability to use computers for Word, Excel, and other programs.
- Strong analytical, evaluation and assessment skills.
- Must be self motivated with extremely good communication skills.
- Possess a valid Ontario Drivers License and be willing to travel.
- Preference given to First Nations persons.
- 3 work related references will be required including the current/most recent employer.

CLOSING DATE: Wed. January 17, 2018, 2:30 p.m. (EST)
